Where the world wakes up every morning looking at you and worries that you will fail and will ruin their fun? That was how I felt while developing this project. I worked on it for almost a year, only to end up with a game I wasn't proud of. I didn't do my best, it was not what I wanted. I don't know why, I should be proud of it, it was a big project. I saw the team trying to stay calm even though they were really upset, stressed and worked for so long and I saw you, the players, also trying to be understanding and calm bff6bb2d33
